

Canadian Pacific Employee Matching Gift Program

Charitable Giving

Give *more easily*

The Giving Engine is our new online charitable giving website that puts all CP employees in the engineer's chair. You choose the registered charity to support, your method of payment (credit card, PayPal or automated payroll deduction) and you automatically receive CP Match Dollars for 50% of your donation (up to a corporate match of \$1,500/year).

With more flexibility, accessibility and choice, the Giving Engine is powered by you.

[Visit RailCity](#) for details on the Giving Engine. Keyword search: donations
