Matching Gifts Program

The Matching Gifts Program is available to any full or part-time employee with at least 6 months of service, and can be utilized for any eligible charity in the US.

First Data provides a 50% match for all donations to eligible charities. To ensure matching monies are available year round for as many employees as possible, the annual maximum that First Data will match is \$5,000. The minimum gift amount is \$25 but there is no limit to the number of times you can access this benefit until you reach the annual cap.

For Us employees

The online gift match system through FirstWeb is the only way to request a matching gift. Paper gift match forms are no longer accepted. If a paper gift match form is submitted to the First Data Foundation, it will be returned to the employee for resubmission online.

To access FirstWeb's Gift Matching site, [click here](#).
