Embedded Option

Double the **Donation**

Organizations can seamlessly integrate matching gifts and volunteer grant programs directly on their own website by embedding Double the Donation's matching gift plugin.

Most organizations add the plugin onto a **dedicated matching gift page**, as well as **into the donation process**. The plugin is searchable and user-friendly, providing donors with easy access to their employers' corporate giving details. This option is perfect for organizations of all sizes.

Our matching gift plugin can be added to your site using our embeddable code.

```
<-- begin Double the Don      code -->
    <div class="post_conte
    <script>var DDCO                   "12345", HOST:
    "http://doubletheco  ation.        api" };</script><br />
    <script src="http://doublet    onation.com/api/jin.js"></script>
    <link href="http://do     hed      ation.com/api/css/plugin.css"
<-- end Double the Do       on code -->
```

Simply insert a snippet of code directly on your own website.

Once the code has been copied and pasted into a chosen location on your website, our plugin appears.

https://**ANY WEBSITE**

copy our matching gift code   paste it into your site

See if your employer will match your donation!
